

GALLAGHER GETS IT

WINS HANDICAP BILLIARD TOURNAMENT WITH FURNILL

Furnill Robs Gallagher of a Great Big Splotch of Glory by a Brilliant Play Near the Last in Which He Makes a Run of Two Hundred and One—Dooley of Australia and Brierty, the English Featherweight, Coming to America—San Francisco Race Track Abandoned—Sporting Notes.

New York, Jan. 5.—Thomas Gallagher, of Chicago, won the handicap billiard tournament at Daly's academy, defeating Furnill the Frenchman. Furnill had conceded his opponent 1,800 points in a match of 3,000 points. At one time this evening it looked as if Gallagher would finish with flying colors, but Furnill at this juncture gave one of the finest exhibitions of balk line billiards he has yet shown in this city. In the sixteenth inning he reached and past 200 points, the highest run of the week, and then tipped on the second shot thereafter, making a run of 201. Gallagher, who has 189 to his credit, then ran 11, winning the match. The score for the evening's play was: Furnill, 214; Gallagher, 200. The total score was: Furnill, 2,238; Gallagher, 1,200. Highest runs for the evening: Furnill, 201; Gallagher, 24. Average: Gallagher, 11 13-17; Furnill, 32 1/2.

Dooley and Brierty Coming. Boston, Jan. 5.—In a private letter received here today, Mick Dooley, champion heavyweight of Australia, has announced his intention of coming to this country. Dooley has an excellent record and will take on any of the big fellows here. It is also announced that Bill Brierty, the English featherweight is expected to arrive in America about January 15. He will challenge George Dixon. He is a brother of Frank Brierty, now in this city.

Skating on Orange Lake. Newburg, N. Y., Jan. 5.—Joseph F. Donohue, of this city, the ex-amateur champion, won a 200 yard handicap skating race on Orange Lake, Saturday afternoon. His time was twenty seconds. He defeated his brother, James A. Donohue, Rudolph Clark and Herman Williams of this city. Teddy Thomas of Newburg won from six other competitors in a 200 yard skating race. His time was 22 1/2 seconds. The events were both for medals.

New Orleans Races. New Orleans, Jan. 5.—Twenty-fifth day of the Crescent City meet. Clear and warm; track heavy; attendance good. Wealthy Oregon Ranchman Arrested on a Charge of Counterfeiting.

San Francisco, Jan. 5.—United States secret service agents here have received news from Lebanon, Ore., of the arrest near that place of William Ovensport, formerly a druggist and now a wealthy rancher residing there, on a charge of counterfeiting. United States Marshal Grady of Oregon made the arrest, stating that five others of the gang are also to be arrested. Ovensport once served a sentence for counterfeiting and it is charged that since his release he has been engaged with others in flooding Oregon and the

PARDON OF AN OLD OFFENDER.

Governor Waite Gives an Escaped Convict a Chance to Return.

Denver, Colo., Jan. 5.—Governor Waite has granted a pardon to Jacob M. Fereber, who was sentenced to the penitentiary in this state in 1874 for murder but escaped from custody before being taken to jail. Fereber shot and killed a Mexican who was one of a party who broke into his cabin at the summit of Sangre de Cristo pass, where he was prospecting. He was convicted and sentenced for seven years. The sentence was considered unjust by Fereber's friends and one night the jail door was purposely left open. The prisoner walked out and fled to Mexico where he resided.

IT BLEW ITSELF UP.

Powder Mill Completely Demolished and Three Men Killed.

Xenia, O., Jan. 5.—Cornmill No. 2 of the Miami works, located five miles north, exploded last night, completely demolishing the building and killing Adolph Krehel, Arthur Harris and Clifford Horney. The mill contained several hundred pounds of powder.

TOOK TWO PLUGS AT ONCE.

Peter Peterson Gets Two Thousand Volts of Lightning Through Him.

Tacoma, Wash., Jan. 5.—Two thousand volts electricity passed through Peter Peterson, day electrician at the city light station this morning, instantly killing him. In making changes on the switch board he grasped two plugs at the same time, his thumb touching them too far up and on the non-insulated portion. There was a flash and he fell back dead. He had been in the employ of the company six years. His death is attributed to carelessness.

THE MODERN MOTHER.

Has found that her little ones are improved more by the pleasant laxative, Syrup of Figs, when in need of the laxative effect of a gentle remedy than by any other, and that it is more acceptable to them. Children enjoy it and it benefits them. The true remedy, Syrup of Figs, is manufactured by the California Fig Syrup Co. only.

Bank at Brookfield, Missouri, Forced to Make an Assignment.

Brookfield, Mo., Jan. 5.—The bank of Brookfield, capital stock \$10,000, assigned this morning to Colonel J. A. Arbutnot and W. L. Laine, Judge Ford, cashier of the bank, stating that the assets are far above the liabilities and that every dollar will be paid. He states that deposits had fallen off until the bank was forced to declare a loss, consequently they assigned.

SEVEREST STORM IN YEARS.

Northern California is Snowed in and Big Floods are Feared.

San Francisco, Jan. 5.—The storm which began here on Friday night was the most severe in years. It continued for twenty-four hours and was extended generally over northern California. Telegraph wires and telephone lines were prostrated and railroad traffic impeded. Precipitation ranged from 2 to 6 inches in eighteen hours. A number of rivers in various parts of the state have reported their unprecedented flooding several small towns but no serious damage was done. Mountain tributaries to the Sacramento are pouring their waters into the larger river and it is expected that the Sacramento will reach the danger line today. Numerous washouts along lines of railroads have reported their unprecedented snow storms on the mountains have blocked the Central Pacific and Shasta routes. Indications point to a continuance of the storm today.

WORKING ON THAT EMBARGO.

Western and Southern Cattlemen in Session at Chicago.

Chicago, Jan. 5.—Representatives of the live stock business of the south and west were in session today at the Chicago live stock exchange. They composed an executive committee of the Annual stock exchange, and were taking action regarding the European embargo. Today's session was devoted to the discussion of western rates and there was nothing definite as to what the nature of the proposed embargo regarding the embargo would be. Representatives were present from South Omaha, Sioux City, St. Louis, East St. Louis, Chicago, Kansas City, Fort Worth and St. Joseph.

All these remedies are guaranteed to last what is claimed for them and the dealer whose name is attached herewith will be glad to tell you more of them. Sold at Charles Lawrence's and G. Geisinger's drug store.

WAITING TO HEAR OF HELP.

Deplorable Condition of people in the Drouth Stricken Regions.

Fargo, N. D., Jan. 5.—A citizen of Fargo is in receipt of a letter from Hon. W. S. Hampton, county judge of Perkins county, N. D., which shows a terrible state of affairs in that county. The resources of the people are exhausted. The banks have closed up. There is starvation staring them in the face unless outside relief is made. Women and little children are suffering for the bare necessities and dying by inches for want of food. Judge Hampton says in his letter:

"The needs of the people are great and now that a cold wave has struck us we feel that we never before. Many are suffering from lack of fuel, having nothing but 'cow chips' to burn. The destitution needs to be seen to be appreciated."

Judge James M. Ray of North Platte, Lincoln county, writes in a similar strain. He says:

"It is almost daily that the needy here are in the court house, the most of them quietly bearing these burdens of want and often not even asking, yet waiting about to hear of help. To make things worse than I have seen before, this late crop failure came upon us at a time when our resources were nearly exhausted by short crops. The quarters, halves and sometimes dollars that a few of us who are more fortunate can give seem only to aggravate the needy who are so little compared with the need."

WILL TASTE LIKE MONEY.

California Oranges go up by Jumps on Florida's Freeze Up.

San Bernardino, Cal., Jan. 5.—The rise in the price of oranges of 50 cents a box, which was registered by the Redland Growers' association Monday, has been followed by all the other associations in the valley and now oranges cannot be bought for less than \$2.50 a box, and from later reports growers and shippers are inclined to think the quotation is too low. There is every indication that the bulk of the crop will bring \$3 in the orchard. Private telegrams received from dealers in Florida say that \$5 per cent off their crop is a total failure. This has served to strengthen prices here.

Snow is Two Feet Deep.

Denver, Jan. 5.—A severe snow storm is in progress on the mountains delaying trains. At St. Elmo it has been snowing twenty-four hours and the snow is two feet deep. At Crested Butte all traffic is at a standstill.

MUST PAY THE FARE

PASSES FOR BROTHERHOOD OFFICIALS DON'T GO ANY MORE

Anti-Pass Rule Believed to be Specially Loaded for Organizations of Railroad Men—Grand Officers Unable to Make Any Arrangements to Ameliorate the Rule—Transcontinental Association Now a Possibility—Proposition to Arbitrate Union Pacific Differences—Ohio Valley Experts Promise a Sensation.

Omaha, Neb., Jan. 5.—A local paper today declares that there is very good reason to believe that the anti-pass rule recently enacted by the railroad managers is intended for a blow at railroad organizations more than for any other reason. This belief is strengthened by information received by it from Cedar Rapids and Vinton, Ia., respectively the homes of the Order of Railroad Conductors and of Railroad Telegraphers. This information bears the dismal message that the grand officers are utterly unable to make any arrangement for their annual passes used in their work about the country. The amount of travel performed by the grand officers of railroad organizations will foot up into hundreds of thousands annually to each. They are on the more continually settling grievances, visiting lodges and performing other services.

SLOWLY COMING TO TIME.

Canadian Pacific Yielding One Point After Another.

Chicago, Jan. 5.—The Canadian Pacific has given its assent to the proposition made to it by the western lines last week and Chairman Caldwell left for Montreal tonight for the purpose of arranging the details with General Passenger Agent McNicoll of the Canadian Pacific. The proposition to which the Canadian Pacific has given its assent providing the payment of all excessive commissions on immigrant business shall cease on a date to be selected by the Canadian Pacific and which it has agreed to accept. It is that the Canadian Pacific shall assent to the basis of the agreement of the division of traffic in accordance with the agreement of the western lines which was reached two weeks ago; the routing of all business by the agent of the immigrant clearing house in the east; that the Canadian Pacific must assent to the clearings on Pacific coast business as arranged by the western lines two weeks ago, and finally that it shall become a member of the association on transcontinental traffic. In accepting the proposition of the western lines, the Canadian Pacific has removed the greatest obstacle to the formation of the association. It is now believed that the agreement can be formed without further delay as far as the Canadian Pacific is concerned. The committee having charge of the Union Pacific with the other western roads has submitted a proposition to that line for settlement of the row and an answer from the Union Pacific is expected by Monday. The plan is to submit everything to a board of arbitration consisting of General Passenger Agent Howard of the Chicago, Milwaukee and St. Paul; Charlton of the Alton, and Kniskern of the Northwestern. General Passenger Agent Lomax of the Union Pacific has gone to Omaha to consult with the other officials of his road and it is expected he will be able to make an answer by Monday or very shortly after that date.

HAVE STRUCK ROTTEN PLACES.

Big Sensation Promised From Ohio Valley Road Examiners.

Cleveland, O., Jan. 5.—It is said that the experts employed by the reorganization representing the first mortgage bondholders of the Valley railroad to handle certain problems in the management of the road by the Baltimore and Ohio, have made some sensational disclosures to members of the committee. All the time the experts are very reticent upon the subject but was learned today from a reliable source that the alleged mismanagement of the Valley affairs has been reported to the committee. The experts are still at work and it is stated that some startling developments will be made public shortly.

MUST GET OFF AND WALK.

No Annual Passes for Officers of Railway Employees Organizations.

Chicago, Jan. 5.—Grand officers of organizations of railroad employees this year will not be able to travel around the country on free passes. The experience had during the Debs strike with Vice President Howard of the American Railway union, who lost his pocketbook with forty annual passes in it, has taught the railway officials a lesson they will not soon forget. From a circular just issued by Chairman Midgley it appears that applications have been made jointly on behalf of the grand officers of several organizations of railroad employees for annual passes over the roads parties to the pass agreement and have been declined. Mr. Midgley says that rule 19 of the executive committee excludes the officers of labor organizations from the exchange privilege, but permits the issuance in their favor of trip passes limited in duration. They reply that trip passes will not answer their purpose, and the secretary of the Order of Railway Conductors has written to certain railroad managers asking if in return for advertising in the Railway Conductor, which he states is a monthly journal with a circulation of 20,000 copies, transportation will be furnished for the officers to respond without delay to sudden calls for their services at points along the respective roads. Chairman Midgley replies that, to advertise in the way described and pay for the same in transportation as requested, would be a manifest evasion of rule 19, hence all such applications should be declined.

STOP THAT COUGH.

A Cough Medicine That Always Cures Permanently.

To stop a cough in any other way than to check the secretions is as foolish as it is harmful. The true cough medicine is the one that cures the congested membranes, and thus stops the discharges, when the cough ceases of its own accord.

The cough medicine that has been found always reliable to remove the cause, and thus stop the cough, is Peppermint. It contains no opium nor narcotics of any kind, and is a sure cure for all kinds of cough. Peppermint operates directly to heal the congested or inflamed mucous membranes of the air passages and lungs. A tablespoonful before each meal and at bed time will cure a winter cough permanently and quickly. Two ounces of rock candy added to one bottle of Peppermint and taken as above is the best treatment in existence for a common cough, the cough of consumption and chronic bronchitis, according to the testimony of rule 19 of the patients scattered all over the length and breadth of the United States.

A treatise on coughs, colds, chronic catarrh, consumption, bronchitis, la grippe and pleurisy will be sent free to any address by the Peruna Drug and Manufacturing Company, Columbus Ohio.
